

Clean tech startups accelerate at BeStart

Starting a business usually takes about 5 to 7 years. For clean tech startups, this is even longer as the markets are complex. At BeStart we specialize in boosting sustainable companies. With our year programme we support clean tech startups to set up their business as fast as possible and accelerate their success. Do you have a sustainable startup? And could you use some help? Register for the BeStart accelerator!

Cleantech network

You become a part of our strong clean tech network in the North of the Netherlands with investors, funders, launching customers and experienced entrepreneurs who want to help your innovation to become succesful.

Testlabs and business opportunities

You will test and validate your technology in one of the many testlabs in our region and you will get hands-on advice from experienced entrepreneurs. Everything oozes circularity in this region and there is a lot of support to set up your business (partly) in the North of the Netherlands. We can also connect you to other programmes and facilities that meet your specific needs.

Business coaching

Our individual business coaches help you break down your dreams and visions into achievable day-to-day goals. You will get relevant business training and spar with other startups and experienced clean tech entrepreneurs.

For whom?

- Your product or service is scalable and contributes to sustainability
- You have a prototype;
- You found a product-market fit or a launching customer;
- You are a go-getter, committed and you have (preferably) a team around you;
- There is a clear match between your business and the clean tech network in the North of the Netherlands.

Sign-up your startup

Register at bestart.nl/en/sign-up/. After an initial screening you will be invited to pitch for a representation of our network. When you are selected, you will participate in the accelerator starting Spring of 2021!

With BeStart there is always this fire behind you, pushing you to turn your visions in actions. There are no excuses. Just go!

Itika Gupta, Dungsé

About BeStart

BeStart is financed and supported by many companies and governments in the North of the Netherlands. Boosting sustainable startups, we catalyze the development of clean technology, innovation and employment in the North of the Netherlands.
